**NOTE:** Part numbers are shown for identification purposes only. Not all parts are available for individual sale. All parts with a link to the Lippert Store can be purchased.

## Variant Code Information

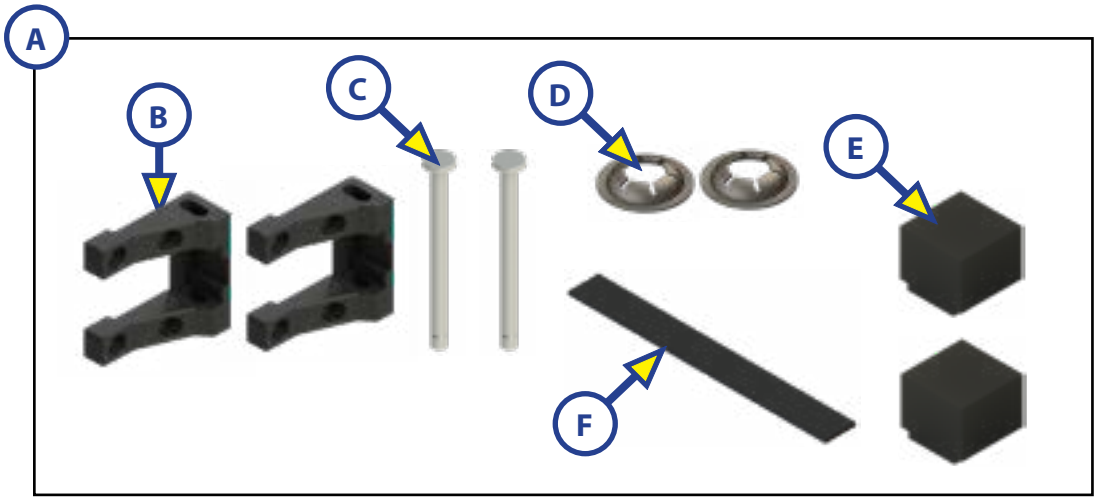

The variant code on Lippert SlimRack Plus® products can assist customers in obtaining additional information about the product and its components. Part numbers marked with an asterisk are used for reference only and must be replaced utilizing information obtained through the variant code. The variant code (Fig. 1B) is located on the variant sticker (Fig. 1A) attached to the column of the system (Fig. 1). Contact Lippert Customer Care with this variant number for assistance in correct replacement part identification.
