

TOWING

Purpose

This document lists pin boxes not manufactured by Lippert or Curt that are approved for replacement of the original OEM-installed Lippert or Curt pin box. RV manufacturers carefully select their pin boxes to match the design of their frames. While Lippert has provided this list as a courtesy, we cannot always be aware of product or design changes made by other pin box manufacturers. Please note that modification or installation of any non-original pin box may cause progressive damage to your RV. Any questions regarding the compatibility of a pin box with a Lippert chassis should be directed to Customer Care Center at 432-LIPPERT (432-547-7378) or by email at customerservice@lci1.com.
